START YOUR FIRST LEARNING EXPERIENCE

Your Studio will consist of Learning Experiences from your teacher(s). Let's get started with your first one.

1. Go to your Studios page by clicking on the _____ icon. Then click on your teacher's Studio.

2.

Choose the Learning Experience you want and click to enter.

3.

Here's where you'll find details about what your teacher wants you to do, and a video (or videos) for you to break. Choose the one you want, and it will open in the MediaBreaker editor.

Also, you will see two videos about Critical Commentary and Fair Use. **Please watch them!** They're brief and will be very helpful in creating breaks that are critical and adhere to Fair Use guidelines.

Go to the Break Gallery to see and comment on other finished breaks submitted for this Learning Experience.
